What is a Bridge-gapper? Bridge-gappers are NACS participants who are 55 years old or younger; they play a key role in the success of the seminar by helping senior participants navigate through the event easily. Tasks include picking up registration packets, assisting seniors in getting from one place to the next, running brief errands for seniors, if needed, and meeting any other needs. Each congregation/organization is asked to encourage one or more bridge-gappers to register.
